Sterisol

Sterisol SUPER Hand Cleanser

Properties

SUPER Hand Cleanser is a gentle hand cleanser which causes no damage to the skin's normal barrier function. Containing vegetable oils, it dissolves dirt while re-fattening the skin. SUPER also incorporates maize as a friction agent and is highly effective against stubborn dirt.

The product is gentle thanks to the following:

- No colourants
- No solvents

Ca pH 7

Field of application

SUPER Hand Cleanser is specially formulated for dirty environments where people are exposed to oily, fatty and dry dirt and need an effective, gentle product to clean their hands.

Tests

Dermatologically tested.

Environment

Recycle as plastic.
